Ian Solberg

Boston, MA | (603) 306-6959 | ianspraguesolberg@gmail.com | linkedin.com/in/iansolberg | github.com/iasolb | iansolberg.us

EDUCATION

Northeastern University *Boston, MA*
Bachelor of Science in Data Science & Economics *Expected Graduation: Spring 2028*

Achievements: 3.43 GPA, Dean's List

Relevant Courses: Advanced Programming with Data, Monetary and Fiscal Policy, Applied Econometrics, Statistics and Machine Learning for Economics

Activities: Varsity Track and Field, High Jump, two seasons (Sept 2023 – June 2025); scored at the CAA Championship twice as a freshman

EXPERIENCE

Wayfair *Boston, MA*
Print Marketing Analyst Co-op *Through December 2026*

- AI development and n8n automation: internal tooling that just works
- Pulling and validating data in BigQuery, and writing the cleaners and analysis scripts that make recurring questions repeatable

Tall Poppies Group, LLC *Remote*
Software Engineer *Present*

- Built the Financial Edge Connector, a budget app running at two schools, so faculty can see their own budget lines

Northeastern University *Boston, MA*
Research Computing Research Assistant - Loth Lab *September 2025 – Present*

- Developing interactive dashboards to visualize and interact with data related to Chiari Malformation I patients and associated bioinformatics

Edgewater Farm *Plainfield, NH / Remote*
Contracted Database Migration + Progressive Web App Development *July 2025 – Present*

- Migrated Edgewater Farm's legacy data from AccessDB to PostgreSQL
- Developed a progressive web app on a PostgreSQL backend for farm administrators as well as field workers to streamline data entry
- Allows employees to manage inventory, track plantings, incoming orders, as well as generate labels for retail without the need for paper records

Dartmouth College Research Computing *Hanover, NH*
Research Software Engineering Intern *June 2025 – August 2025*

- Created the validation pipeline for a research paper utilizing BERT scoring and other natural language fidelity measures to score LLM generated synthetic ophthalmology-related PHI records from 200 original and adversarial case study inputs to be used in research applications
- Acted as a Teaching Assistant at Dartmouth Summer Scholar's Data Science course for 40+ students
- Acquired, transformed, and migrated hydrological data for the Culvert Crawlers community science initiative, a stormwater infrastructure monitoring program supporting culvert and drainage maintenance as well as flood resilience in Vermont
- Designed frontend using the Chainlit library for a chatbot used on Research Computing's website for ticket intake

PROJECTS

Python libraries on PyPI: otter (econometrics: regressions, diagnostics, forecasting), fred-loader and census-loader (fetch and name public FRED and Census data)

SKILLS & INTERESTS

Skills: Python, SQL, PostgreSQL, BigQuery, Git, Docker, n8n, Data Engineering, Streamlit, Panel, NLP, Backend Development, Excel/Microsoft Office, Data Analysis, Technical Writing, Teamwork, Project Management

Additional Interests: Music Production / Audio Engineering, Cooking, Thrifting, Carpentry (intermediate)
